TOUR GUIDE SISTEMI I AUDIO VODIČI

TOUR GUIDE SYSTEMS AND AUDIO GUIDES

SR

- Uz tour guide sistem i audio vodič organizujte stručno vođenje grupnih poseta. Olakšajte rad sa velikim grupama.
- Uz Tour Guide Sisteme kao i Audio Vodiče (glasovne vodiče) možete biti sigurni da je svaka informacija do svakog posetioca stigla jasno i glasno.
- Kreirajte putovanje kroz postavku ili izložbu svojim posetiocima na inovativan i zanimljiv način.
- Lokacije koje su opterećene bukom ili pak koje zahtevaju tiši ton (manastiri, komemoracione sobe itd.) više nisu barijera jer čete se čuti dobro na svakom mestu i u svakom trenutku.
- Sadržaji za ove sisteme mogu biti višejezični i dostupni online.

Pogodni su za:

- Muzeje i galerije
- Turističke organizacije
- Turističke lokacije
- Turističke agencije
- Industrijske i fabričke hale
- Biznis konferencije
- Logistiku i distribuciju

EN

- With a tour guide system and audio guide, organize expert guidance of group visits. Make it easier to work with large groups.
- With the Tour Guide System and the Audio Guide (voice guides), you can be sure that every piece of information has reached each visitor clearly and loudly.
- Create a trip through an exhibition to your visitors innovatively and interestingly.
- Locations loaded with noise or requiring a quieter tone (monasteries, commemoration rooms, etc.) are no longer a barrier because you will hear well in any place and at any time.
- Content for these systems can be multilingual and available online.

Suitable for:

- Museums and gallery
- Tourist organization
- Tourist locations
- Tourist agency
- Industrial and factory halls
- Business conferences
- Logistics and distribution

SR

Tour guide sistem ostvaruje efikasnu komunikaciju. Ovim sistemom vođenja, ostvaruje se blizak kontakt na velikoj udaljenosti. Pogodan je za upotrebu u velikim prostorima ili u radu sa velikim grupama. Tour Guide sistem je predviđen za unutrašnju i spoljašnju upotrebu, i koristi se za vođenje turističkih grupa, simultano prevođenje, predavanja, za posete velikim fabričkim postrojenjima ili prilikom poslovnih konferencijskih sastanaka.

EN

Tour guide system achieves efficient communication. With this guidance system, you will make closer contact. It is suitable for use in large spaces or work with large groups. The Tour Guide system is designed for indoor and outdoor use. It is used in guidance tour groups, simultaneous translation, lectures, visits to large factory buildings, or business conferences.

SR

Web audio vodiči su sistemi koji omogućavaju da naracija lako dolazi do velikog broja slušalaca. Lako se rukuje njima. Audio sadržaj može biti postavljen na PC računaru ili Hola interaktivnom uređaju. Preuzima se i pokreće preko svakog smart telefona. Slušalice se preuzimaju na početku vođenja (posetilac može koristiti i svoje) i nakon toga može se samostalno krenuti u obilazak.

EN

Web audio guides are systems that allow narration to reach a large number of listeners easily. They are easy to handle. Audio content can be placed on a PC or Hola interactive display. It is downloaded and launched with each smartphone. The headphones are picked up at the beginning of the guide (the visitor can also use their own). After that, the tour can proceed on your own.

Mobilnim telefonom skenirajte QR kod i pustite jedan od naših audio vodiča

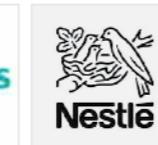

O NAMA

ABOUT US

SR

Hola Sistems je inovativna kompanija koja se bavi razvojem savremenih hardverskih i softverskih rešenja. Pored pružanja inovativnog pristupa klijentu, podjednako odgovorno vodimo računa i o kompletnoj podršci u implementaciji i održavanju naših sistema.
